# Yealink T53 / T53W Prime Business Phone

The Yealink Prime Business Phones T53 and T53W are for today's highly active voice communication user, providing them with advanced telephony features, next-generation HD communication experience,  and great flexibility. These phones give businesses of all sizes high quality, future-proof and unparalleled solution that will unleash the power of remote communication and collaboration and eventually improve productivity.

- Upgraded elegant and sleek design with large, backlit and high-resolution display and LED indicators to provide optimized viewing and navigation experience.
- Fully adjustable display to fulfill the viewing needs at a variety of angles and under a variety of lighting conditions.
- Designed with HD Voice and Yealink Acoustic Shield technology to deliver distraction-free voice clarity for remote participants.  Yealink Acoustic Shield technology uses multiple microphones to create a virtual "shield" between the speaker and the outside sound source. Once enabled, it intelligently blocks or mutes sounds from outside the "shield" so that the person on the other end hears you only and follows you clearly.
- Ideal for busy and noisy workspace such as call centers and office areas.
- 3.7" 360x160 pixel graphical display, fully adjustable
- 8 line keys, 12 SIP accounts, 21 memory keys
- Built-in Bluetooth and Wi-Fi (T53W only)
- Dual-port Gigabit Ethernet
- 1xUSB port for call recording and wireless USB headset
- Supports DECT handset compatibility via a DECT dongle Yealink DD10K, up to 4 cordless handsets. Seamless switching of calls between the desktop phone and the cordless DECT handset
